### How does the Bank of America Visa Buxx card work?

The Bank of America Visa Buxx card is a prepaid, reloadable spending card; like a prepaid phone card or a store gift card that you can use everywhere Visa is accepted. Because it's a prepaid card, your spending is limited to the amount of money transferred to your card. The purchases that you make with your Bank of America Visa Buxx card reduce your available balance.

[Back to Top](#)

### How can I learn how to manage my money?

Learn more about how to manage your money, manage a budget and become a savvy shopper. We strongly recommend that you and your parents take the self-guided Financial Skills Assessment test, our Be Centsible Quiz, located in the Money Tools section on the Bank of America Visa Buxx Web site. Educational information will also be sent with the Bank of America Visa Buxx card.

[Back to Top](#)

### Where can I use my Bank of America Visa Buxx card?

You can use your Bank of America Visa Buxx card to make purchases anywhere you see the Visa logo at more than 18 million Visa merchant locations worldwide. You can also use your Bank of America Visa Buxx card to withdraw cash from any of Bank of America's approximately 14,000 ATMs without a fee. You may also use your Bank of America Visa Buxx card to withdraw cash from Visa ATMs worldwide or to get cash when you make a purchase using your PIN at merchants where you see the Interlink logo displayed.

[Back to Top](#)

### Is the Bank of America Visa Buxx card a credit card?

No. Your Bank of America Visa Buxx card is actually a stored value card. While a stored value card looks similar to a credit card, Bank of America Visa Buxx cardholders do not have a line of credit. You can only use the Bank of America Visa Buxx card to access the amount loaded onto the card by your parents.

However, to a merchant, the Bank of America Visa Buxx card functions just like a credit card. Merchants process credit and check card authorizations and Bank of America Visa Buxx card authorizations in the same manner.

[Back to Top](#)

**Is the Bank of America Visa Buxx card a check card?**

Yes and no. The Bank of America Visa Buxx card is similar to a check card in that the spending power is limited by the amount of funds loaded onto the card, and the available balance is debited with each transaction. However, unlike a check card, the Bank of America Visa Buxx card does not access a bank account or require the cardholder to set up a banking relationship.

[Back to Top](#)

**Why would I get the Bank of America Visa Buxx card as an alternative to using my parents bank check card or a credit card?**

The Bank of America Visa Buxx card can be used as a budgeting tool for spending by you. With Bank of America Visa Buxx, you and your parents decide together the amount to spend and where to spend it. Your parents are the only ones who can authorize transfers of money from another account to Bank of America Visa Buxx. With immediate access to online statements, you can review your spending along with your parents, and together discuss how you can develop and maintain financial responsibility in your spending decisions. The Bank of America Visa Buxx card is the most powerful and effective means to help you develop responsible spending behaviors.

[Back to Top](#)

Your name is embossed on the card, and you may use it at Visa's 18 million merchant locations. You **cannot** add money to the account or designate your own Gift Givers. You may, however, create your WishList to request additional Buxx and gift certificates from your parents or the Gift Givers your parents have authorized.

[Back to Top](#)

**What are authorizations?**

A merchant honoring a Bank of America Visa Buxx card should first obtain an approval or "authorization" for the transaction. This is the amount that the merchant puts through against your account to validate that you have enough funds to make the purchase. In no event will a transaction be authorized in excess of the amount that is available on the Bank of America Visa Buxx account. You should be aware that authorizations for certain transactions may be greater than the final purchase amount, and the amount of the authorization will be applied to your Bank of America Visa Buxx card for seven days, or until the

completed purchase transaction is posted. (See below)

[Back to Top](#)

**What is the difference between authorized and completed ("posted") purchase transactions?**

At the time you want to make a purchase, the merchant sends a request through the Visa system to receive an approval, or authorization, that you have sufficient funds in your Bank of America Visa Buxx account to make that entire purchase. At that time, a seven day hold is placed against your balance for the amount that the merchant requested, and that authorization transaction is shown on the Bank of America Visa Buxx online transaction record.

After the merchant completes the transaction, the merchant sends the final amount through the system. Sometimes that final amount is different from the original authorized amount; for example, the tip may change the amount in restaurants, or shipping and handling charges may change the final amount in a mail or Internet order. We only post the final amount of the completed transaction sent by the merchant to your account. If at any time you do not have the funds available on your card to complete a purchase, you may pay for the difference in cash.

[Back to Top](#)

**What is an Interlink merchant?**

An Interlink merchant displays a symbol on the door and at the cash register that matches the Interlink symbol printed on the back of your Bank of America Visa Buxx card. Typical Interlink merchants are grocery stores, gas stations, and large chain stores. You may select either "credit" or "debit" to complete this transaction. By selecting "credit," you will sign your receipt to complete your purchase. This will provide you all of Visa's protections, called chargeback rights, should you have a question about your purchase later. By selecting "debit," you will be asked to enter your PIN to complete your transaction. This will allow you to get cash back as part of the sale.

[Back to Top](#)

**Can I use my Bank of America Visa Buxx card to get cash back at Interlink merchants?**

To get cash in addition to your purchases at Interlink merchants, press the "debit" button on the card terminal and enter your PIN. The store employee will ask if you would like cash back. You may only obtain up to \$50 per day by using this function.

[Back to Top](#)

**Can the card ever have a negative balance?**

Any Visa or Interlink authorization request that is greater than the cardholder's available balance will be declined. However, occasionally a Visa merchant puts an item through without prior authorization. If the purchase exceeds the available balance, the cardholder's account will incur a negative balance. In these rare circumstances, where an overdraft occurs, you would be notified of the need to load more funds onto the card.

While this does not happen very often, it is important for the cardholder to keep track of their available balance to help avoid this situation. Should an overdraft occur on your card, a fee will be charged to your account.

[Back to Top](#)**Can I use my Bank of America Visa Buxx card at an ATM?**

Yes. You can use your Bank of America Visa Buxx card, along with your PIN (personal identification number), to withdraw cash from any of the nearly 14,000 Bank of America ATMs. Insert your card into the machine, enter your PIN, and press the cash withdrawal option. You will then be prompted to choose an account from which you want to withdraw funds; select credit card cash advance, enter the amount, and receive your cash.

By using your Bank of America Visa Buxx card at one of Bank of America's ATMs, you will not be charged a fee for your transaction. If however, you use your Bank of America Visa Buxx card to obtain cash from another bank's ATM, you will be charged a fee of \$1.50, in addition to the fee charged by the owner of the ATM. The owner must disclose the fee they charge for each ATM transaction before completing the transaction. You can decide to accept the fee and continue the transaction, or cancel the transaction. **Note:** The ATM fee imposed by the owner of the ATM machine is in addition to the ATM fee listed in the Bank of America Visa Buxx Cardholder Agreement Terms and Conditions.

[Back to Top](#)**Is it safe to use my Bank of America Visa Buxx card in an ATM machine?**

Absolutely. The Bank of America Visa Buxx card can only be used to access cash with the unique PIN assigned to each card. It's your secret code. It is important, however, to take normal precautions when visiting ATMs. To learn more about ATM safety, read the brochure included in your initial card package.

[Back to Top](#)**How do I load money onto my Bank of America Visa Buxx card?**

Only your parent or designated Gift Givers can load money onto your Bank of America Visa Buxx card. When your parents complete the enrollment process, they will be asked to register one of the following methods as a funding account: check card, credit card, checking account or savings account. Once they have registered a funding account, they can save time by determining the frequency and value of the load, just like an allowance. They never have to worry about stopping at an ATM to get money for your allowance, as the money will be automatically deducted from the funding account, and credited to your Bank of America Visa Buxx card. Should they at any time want to increase the amount of money loaded onto your card or change the frequency, they can visit the Bank of America Visa Buxx Web site and load additional funds onto your card. Funds from their check or credit card are available immediately on your Bank of America Visa Buxx card; however, transfers from their checking or savings account take 5 business days to process.

[Back to Top](#)**Can I use my Bank of America Visa Buxx card after I have spent the balance?**

No. The benefit of the Bank of America Visa Buxx card is that you can only spend what is available on the card. Until your parent or a designated Gift Giver loads more funds onto your card, you cannot use it. As part of the learning process, it is important for you and your parent to keep track of your balance so there is money available when needed. Teens and parents should plan a budget and monitor spending together; this is an important part of the learning experience with Bank of America Visa Buxx.

**Note:** Only parents and designated Gift Givers can add money to the Bank of America Visa Buxx account.

[Back to Top](#)**Are there limits on how much money I can have on my Bank of America Visa Buxx card?**

Yes. As part of Bank of America's commitment to helping you learn financial responsibility, the maximum value that can be available for spending on the card is \$1,000. Your parent or Gift Givers will not be able to load additional value to your card if it already has \$1,000 available on it for purchases and cash withdrawals. Should you have a special need for additional money, you may always have your parents or designated Gift Givers add additional funds onto the account, however please remember that the maximum value that a card can have at any time is \$1,000.

[Back to Top](#)**How do I close my account?**

The first step is to remove all of the funds remaining on the card by making an ATM withdrawal or purchase goods or services in a merchant transaction. Your parent can also have the funds transferred to a registered checking or savings account.

Once all funds have been depleted from your card account, contact Bank of America Visa Buxx Cardholder Services at **1.877.FUN.BUXX**, and request that the card account be closed.

[Back to Top](#)**How do I access my account information on the Internet?**

Log on as a Member at [www.bankofamerica.com/visabuxx](http://www.bankofamerica.com/visabuxx). For your protection, anytime you visit the Site, you will be required to provide the username and password that you selected as part of your enrollment process. As your parent and designated Gift Givers are the only individuals who are able to load money onto your card, they will have a different username and password than you. This feature provides additional security to you, your parents and your designated Gift Givers for processing load values to your Bank of America Visa Buxx account, ordering a card, or reactivating an account.

[Back to Top](#)**How do I change my Username or online password?**

Go to the personal profile page and select Edit. You can then change your Username, password or other information regarding your personal profile.

[Back to Top](#)**Can I select my own PIN?**

Yes. When you call to activate the card, you will be given a pre-selected PIN. You will be prompted to select your own PIN at that time. So be sure you are prepared, and think through a personal identification number that is easy to remember, but difficult for someone else to guess. Select a PIN other than your telephone number, birth date or other numbers that someone might be able to guess. For security purposes, never write the PIN on the card or on other items they carry with you.

[Back to Top](#)**What are my rights if I dispute a charge on my statement?**

Please refer to the Cardholder Agreements Terms and Conditions for additional information pertaining to your rights concerning unauthorized use of your card.

**How do Bank of America Visa Buxx Gift Certificates work?**

When parents and Gift Givers want to transfer money to your Bank of America Visa Buxx account, they can choose between:

- **Everywhere Buxx:** Money funded to the card that you can spend at any Visa merchant worldwide.
- **Merchant-Specific Bank of America Visa Buxx Gift Certificates:** Money designated specifically for a purchase that you can spend only at a specific merchant's location in person or online. Normally, you receive special discounts when using this option.

At Bank of America Visa Buxx, we track the gift certificates in your account. Anytime you buy something at a merchant whose gift certificate is held in your Bank of America Visa Buxx account, we automatically deduct money from that merchant-specific gift certificate first, before deducting any money from your Everywhere Buxx. If there's any money left on a gift certificate after a purchase at the certificate merchant, it stays in that special gift certificate account until you visit that merchant again.

There's no limit to the number of Bank of America Visa Buxx Gift Certificates you can hold on your Bank of America Visa Buxx card. We list each gift certificate in your account balance, and anytime you use a gift certificate, we list the transaction in your transaction history.

Bank of America Visa Buxx Gift Certificates make great gifts! They're more personal than Everywhere Buxx, yet offer great convenience for both Gift Givers and teens! You can choose from a list of Bank of America Visa Buxx gift certificate merchants and indicate your favorites on your WishList.

[Back to Top](#)

**How do you select the merchants for Bank of America Visa Buxx Gift Certificates?**

We make special arrangements with merchants where teens love to shop. We make sure that all the technology is in place so that these electronic gift certificates will work at those stores, and only at those stores.

[Back to Top](#)

**How do I add Gift Givers to my profile?**

Your parent can add a Gift Giver to your account by selecting their profile from the Account Summary page. They can then select Edit Gift Givers to update the list.

[Back to Top](#)

**What does it mean if I am a designated Gift Giver?**

A Bank of America Visa Buxx cardholder has had their parents enroll you as a Gift Giver. You can log onto your own password-protected site for Gift Givers. There you can review the teen's WishList and transfer money to their Bank of America Visa Buxx card for either giving Everywhere Buxx or Merchant-Specific Gift Certificates.

[Back to Top](#)

**What is a WishList?**

You can create a WishList of your favorite merchants and the amounts you would like to spend with each one. Your parents and other designated Gift Givers can log in to find out which Gift Certificates you would love and purchase them

online!
